Hi Paul,

Does Tom Hagler have the most recent version? He would need to see it and give it the green light for our RA signature. Not sure how long we need to get RA signature. We have some important managers on vacation. I'll talk to Tom and see what we can get done with 'acting' level approval at R9 mid-manager level. Just a guess is that if Jared Blumenfeld is on-site all week, we can probably get it to him for signature this week pending program and attorney approval of content (that part should be easy if not much has changed).

Do you have a sense of DWR readiness to sign?

Thanks for driving the MOU forward. I have received both clean and redlined of what I think is the latest. My question is, are we now at a point where we can push to get it signed by all? This week? Start by having COL Leady sign? If not, who needs to do what, by when? Can I help by contacting anyone?

Thanks

Paul
